

You've Got The Power! Women and Business in 2022

"I've always believed that one woman's success can only help another woman's success." — Gloria Vanderbilt.

At BWN, we celebrate and support women every month. This month is a unique opportunity to celebrate Women's History Month by engaging in a discussion about not only the history of, but also today's environment for, working women and women-owned businesses. What have you struggled with? What have you rocked?

For this month's Power Lunch at Turf Valley Resort we have gathered three BWN entrepreneurs with unique lenses on this subject. They will speak about various challenges facing women in business today. This will be a lively and interactive session with time for questions and answers. Walk out with an emboldened sense of purpose and renewed connection to your fellow #bossladies.
