November is National Gratitude Month

Gratitude is an active process of acknowledging goodness. Gratitude can decrease stress, enhance our moods, and contribute to improved overall health and well-being. We at BWN are grateful for you, and the relationships new and old that we've established this past year!

We are also grateful for technology. It lets us stay connected, be productive and for some of us, we're able to work from home because of technology. However, we all have digital clutter! Our digital files, phone storage, and inboxes are often overflowing with clutter and overwhelming to sort through. In keeping with our back-to-business theme, we will be tackling digital clutter at our November luncheon. Katherine Picott of [Tidy Milsco](#) will be speaking about the importance of digital organization.

Please note the location change. Join us and bring a friend. Share your gratitude for the BWN community by sharing it with someone else.

REGISTER TODAY and take advantage of the Early Bird savings. Bring a friend and introduce them to the supportive environment at BWN. See you there!

Nonprofit of the Month

Winter Growth's founder dreamed of creating a community where seniors and adults with disabilities could continue to learn and grow - where their lives would be filled with joy and purpose. With over 40 years of experience, Winter Growth has fulfilled that dream - offering Adult Medical Day, Memory Care, Assisted Living, and Respite Programs that embrace and celebrate all that individuals are, and all they have the potential to be.

How BWN can help: Gas or grocery store gift cards are most helpful for cancer patients who are in daily radiation treatments for 6-8 weeks.
